There is no information whether Mysore subjects are under treatment in ~~any of~~ the ~~British~~ Bombay and Madras Presidencies' Leper Asylums, and also in the South Indian Native States, and if so, what their number is. If, by any chance, their number is large, the cost of their maintenance may be much larger than what this Govt is now called upon to bear.

GENERAL 1376 -5. SEP. SECTION

SIR,

With reference to your Official Memorandum No. G.1264/Med. 2-31-31, dated the 10th August 1931, forwarding for report a petition from Sankappa and others inmates of the Leper Asylum complaining of harsh treatment, bad food, etc., I have the honour to state that I viisited the Institution on the 12th ultimo and examined the allegations. I inspected the food articles, uncooked as well as cooked, and found them to be of very good quality. The distribution of diets also was correctly regulated according to the scheduled quantity.

Most of the signatories to the petition did not know what was contained in the petition and were only vaguely aware that the object was to secure some more privileges. All that I could elicit from a personal enquiry was that the condiments used were for too little for their taste. The inmates consist mostly of Madrassis (about 90 out of 130) accustomed to a liberal use of condements. In several cases, the normal sense of taste is lost or is much diminished as a result of the disease. I have issued instructions to the Medical Officer to allow a larger proportion of condements consistent with safety.

The allegations as to harshness of treatment, etc., are unfounded.

We beg to ~~ex~~ report against the Superant and doctor both together join and they are not looking properly to the leper Hospital. Hence the Doctor beating and abusing in vurgal languages to leper peoples and they are not giving good meals to us.

2. The cooking man is not cooking properly and they are not washing the rice in the water that food comes bad smell and they are mixing small iron nails in that rice that too they have not removed from the rice. They giving mutton with bones that too is not cleaning in the water. They are preparing as it is and give us. But we no fingers and legs to pick the iron pieces and bones. It is very difficult to us. In this case you honour supplying more money in this hospital. We reported this matter to the Doctor Doctor says you go out and you want I will stop you this is good meals to you he says. The are not giving good Medicine as well as inguction That too is saving money.

3. Before the Doctor Mr. Krishna iyengar and Mr - Supparda iyengar both together looked properly their times. That time they have given good meals and good medicine with inguction and cure some leper people and return to their houses. The Doctor and Superant not looking properly.

4. Daily at night time about 8 o'clock works man going to cooking room and balanced ration they take and dividing themselves with doctor and removing their houses. In this case people to go asking those works. Men quarrel and they are not giving the Medicine and inguction. Those people saving their payments and using our ration. But to your honour charity leper Hospital to lot of money. They are giving $\frac{1}{4}$ to us. they take $\frac{3}{4}$ to them with doctor.

5. Leper ward boys join together and sale over clothes which given to Hospital. But here there are some peoples suffering some difficulties clothing Blankets an account both leper sees ward boys also enimies to us. Sir,

With reference to your letter No.Dis.1B.186 dated 4th September 1931, reporting on the complaint of harsh treatment etc., from Sankarappa and certain other inmates of the Leper Asyleum, I am directed to observe that when there is such a large number of Madrasis in the local Leper Asylum at Bangalore, it seems fair to make the Madras Government pay the cost of maintaining them as in the case of mental patients belonging to that Presidency.

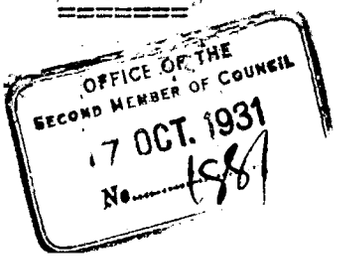
To The Second Member in Council

To the Government of H.H. The Maharaja of Mysore, Bangalore.



Respected Sir,

We the undersigned most humbly and respectfully beg to bring the following few facts regarding the condition of the E.D. Hospital, Nagadi Road, - Bangalore to your kind and sympathetic consideration with a view that our humble prayer would meet with success:--

Sir, we beg to state that your Honour is quite aware that Mr. Jayalabuddin is working in the said Hospital as Sub-Assistant Surgeon for the last 2 or 3 years. The whole quantity of Meat, Ghee, Milk Fuel, Bread etc., (Foot Stuffs) supplied to the -- Hospital for the purpose of Sick people, will not be utilised for the purpose to which it is ment. Nearly 1/3rd of the quantity will be taken away by the said Sub-Assistant Surgeon to his house for his own use. The Hospital has become something like a Store Room to the Said Sub-Assistant Surgeon . Owing to this very little quantities are distributed among the sickpeople which is in no way sufficient to the sick persons to do full justice to their stomaches I can dare say that every thing will be understood by your Honour if a personal and Surprised visit is paid to this Hospital (without giving any sort of notice to the Hospital authorities of your visit). The coffee which is given to the Sick People will be quite black.

next

very little of quantity of Milk will be added to this. The bread is cut into such small slices so that it may be sufficient to distribute among all the sick persons without giving them the quantity prescribed by the Head of the Hospital. Even if the Head of the Hospital prescribes to give at the rate of 4 Ounces of meat to every sufferer, still the Assistant Surgeon will give only 2 Ozs. or even less. Complaints have been lodged with the officer in charge of the Hospital. To these complaints he issued orders to Matron to look after the same well. She was not able to act as per the wishes of the officers, because whenever she interferes in the matter, the Sub-Assistant Surgeon was preventing her from doing so. Only Rs.4/- has been paid to one Mr. Ramachandra Rao to burry his wife Kamalamma who dies in the Hospital on 10-10-21 by the Authorities. We think the Government have granted more than this amount. I like to bring the names of the Staff working in various departments for your kind notice.

Almost all the servants will be engaged in the House of the Sub Assistant Surgeon bather than in the Hospital. The superintendent of the Hospital is acting as per the Will and Wish of the Sub Assistant Surgeon, because he had been to Kolumbo for the sake of the superintendent on some business. Moreover the Sub-Assistant Surgeon is helping the Superintendent in all directions. By his Tact Ticks he has earned the favour of the Superintendent. We beg to state finally that the Assistant Surgeon is having his hand in each and every thing.

In the light of the above circumstances, we most humbly and respectfully beg of your Honour to be kind enough as to visit the hospital, enquire into the matter and do the needful in order to help the poor and needy suffering class of people. Hope that our prayer would meet with success at your generous hands. Begging to be excused for the trouble.

RR 18/12 18/12

Sir,

With reference to your letter No.G.2889/Med.2-31-53 dated the 7th October 1931, regarding the cost of maintenance of a Lepers from the Madras Presidency being paid by the Madras Government, I have the honour to state that it appears to me to be quite desirable that an understanding be established with the Madras, Bombay and other Governments, similar to the one in the case of Mental patients, so that they may bear the cost of maintenance of Lepers from their Presidencies in in our Asylums and vice versa.

I enclose for the information of Government a list of the inmates belonging to the Madras Presidency, with particulars of the place they have come from for treatment.

I may add in this connection, that the Civil and Military Station authorities defray the cost of the maintenance of inpatients admitted in the Asylum.

The average cost of maintenance of a single inpatient(Indian) for 1 year- based on the average for the past three years- is Rs.172-15-11, which works up to Rs.0-7-7 per diem.

I request that necessary early action may kindly be taken in the matter.

I have the honour to be,

Sir,

Your most obedient servt.
S. Subba Rao

I am directed to enclose herewith for your information a statement showing the no of Inmates in the Leper Asylum Bangalore and their places they come from for the last 3 years.

Date of issue 25/7/32

It will be seen therefrom that a major part of the Inmates belong to the Madras Presidency. While in the year 1929 their number was almost equal to that of the Mysore Inmates, it has risen very appreciably in the succeeding two years.
